KwiKom will not sell, trade, or otherwise disclose your personally identifiable information unless we are authorized or legally required to do so, or in the case of imminent physical harm to any person. On those KwiKom sites where you may provide KwiKom with credit card, electronic payment service, or other ordering information via the Web, KwiKom protects and secures this information by employing commercially customary Web-based security and encryption protocols, an example of which is the Secure Socket Layer (SSL). In general, KwiKom gathers some generic information automatically. Generic information does not reveal the identity of the visitor. It usually includes information about the Internet address assigned to your computer, the number and frequency of visitors, and the KwiKom sites visited. KwiKom gathers this information for the limited purpose of determining customer service and Web site needs. We accomplish this by using certain technologies, including "cookies" (a technology that can be used to provide the visitor with tailored information about KwiKom services). KwiKom does not combine information collected in this way with any personally identifiable information. You can set your Web browser to notify you when you receive a cookie and you can refuse it. However, refusing some cookies may make it impossible to use or navigate the KwiKom website properly.

For the limited purposes of accomplishing such cooperation and measures and in compliance with applicable laws, KwiKom may be required to disclose personally identifiable information. In addition, KwiKom may elect to monitor the areas of communication of any kind (i) to satisfy any law, regulation, or government request; (ii) if such disclosure is necessary or appropriate to operate KwiKom's business; or (iii) to protect the rights or property of KwiKom or others.
